

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

FAMILY PRAYER

BY

HARLES JAMES BLOMFIELD, I

BISHOP OF LONDON.

A NEW EDITION

excused from the imputation of unfaithfulness, who knowingly neglects a duty, the performance of which cannot fail of benefiting the spiritual state of those, who may and must be influenced by his example in the most important of all concerns.

I need hardly remark, that the whole family assembled at prayers should repeat the Lord's Prayer audibly and distinctly. On the festivals and fast-days appointed by the Church, it will be proper to add the Collect for the day.

FRIDAY MORNING.

ALMIGHTY God, who formest the spirit of man within him, and fittest him to serve and worship thee; we are thy servants and children, the work of thy hand. Thou hast holden us up ever since we were born; our praise shall be continually of thee.

We acknowledge that we are not worthy to lift up our hands unto thee: we have sinned and done amiss: our transgressions are more in number than the hairs of our head: they are a heavy burthen upon our souls. We have sinned against light and knowledge; against mercies and warn-

Let thy blessing be upon us this day, that we may do nothing but what we know to be pleasing to thee : enable us to avoid all occasions of sin ; and when we fall into temptation, make a way for us to escape.

Grant to us severally such measures of thy grace, as may fit us for the duties of our respective stations. Make us humble to our superiors, friendly towards our equals, kind and considerate to

O COME, let us

rejoice in the strength of our salvation.

Almighty and most merciful Father, we have erred and strayed from thy ways like lost sheep. We have followed too much the devices and desires of our own hearts. We acknowledge and bewail our manifold sins and wickedness, which we, from time to time, most grievously have committed, by thought, word, and deed, against thy Divine Majesty, provoking most justly thy wrath and indignation against us.
